Members are provided one [1] hour's free research time at the museum library during the calendar year of the membership. Additional hours of research will be billed at the non-member price. Copies are 25¢ per single side.

Non-members provide \$10 for the first [1st] hour of research in advance. For each additional hour of research, it is \$10 per hour. Copy costs are the same as that for a member.

The Historical Society must be in receipt of your query and the \$10.00 before any research is started. Please be patient with us, as we have a limited number of volunteers we can call in after a query is received. Thank you.
